4th November 2019

Dear Parents and Carers,

Device Drop-Ins

As part of our continued work to try and keep our children safe online we will be offering parents the chance to attend a "device drop in" at our parents evening session on Tuesday 19th November.

Lee Heywood, who runs www.onlinesafetyuk.com and advises schools on all things e safety, will be available to talk to parents between 3.30pm and 6pm.

He is happy to help parents set up parental controls on their devices and advise them around anything they are unsure of linked to online safety.

This will be a drop in service so parents are advised to bring their device with them and come and chat to Lee if they can see he is available.

We will put a sign up list out so that if he is busy with a parent you can sign up so that he knows who is next to be seen.

We really hope that this will prove helpful and that you are able to make the most of it. If you are attending the Wednesday parents evening but would still like to make use of this event then feel free to pop in.

If it turns out that there is not enough time for Lee to see everyone on the Tuesday we will organise for him to come in again.

Best Wishes

Mr Paul Lunnemann
Computing Leader
