

HELLO PARENTS AND CARERS!

We will be sending the year 2s home with a few items so that they can craft some Halloween decorations over the half-term holiday. We would love to see how you're getting on so please post your monstrous creations on the school Facebook page. Please remember to bring their monstrous creations in when they return to school so that we can decorate the hall for their Halloween party! Have fun! Love FOMS

IN YOUR CREEPY CRAFT KIT...

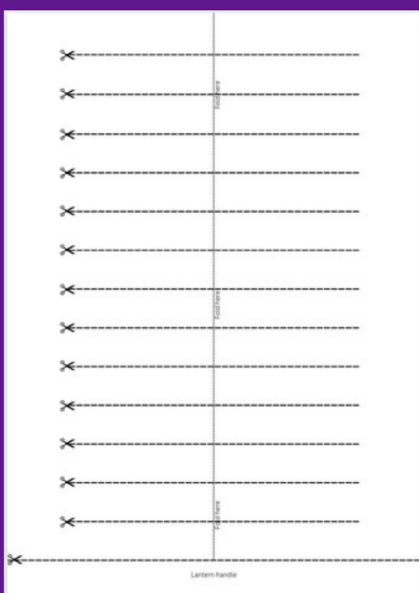

HALLOWEEN LANTERNS

1 x sheet of coloured paper

HOW TO...

To make your paper lantern fold the paper in half length ways then snip as per the diagram below. Open up then glue the ends together, glue on the handle then decorate.

FLAPPING BAT

1 x sheet of paper with image to cut around
1 x string

HOW TO...

To make your bat first decorate, cut out the bat's body and wings, then glue on the wings. Ask your grown up to attach the string to the centre of your bat's back. Hold onto the string and lift up and down to watch your bat flap!

MORE SPOOKTASTIC CRAFTING IDEAS AVAILABLE ON THE FOMS WEB PAGE!

GLOWING EYES

1 x glow stick
1 x toilet roll tube (you'll need to wait until you have an empty one at home)

HOW TO...

Draw some eyes onto a toilet roll tube and ask your grownup to help cut them out. You will then be able to put a glow stick or torch inside to create a glowing eyes effect. Don't worry if you have used your glow stick and don't have a torch - you will be able to see this monster glow at the party!

YET MORE CREEPY CRAFT IDEAS!

HAND PUPPETS

HOW TO...

Decorate your Puppet template then cut around the pieces. Glue the squares marked 'glue' around the edges of your puppets mouth. Next stick on the arms and ears (and hat if making a witch). Finally stick one of the paper straps at the back over the top of where your fingers hold the puppet and the other over where the thumb goes.

HANGING GHOSTS

HOW TO...

Decorate your ghost template (if you wish) then cut around your ghost. Attach some string to the end of the tail or it's head and it's ready to hang!

DAY OF THE DEAD CAT MASK

HOW TO...

Decorate your mask template as you wish, then cut around the outline (ask your grownup to cut out the eye holes). Glue the areas marked and pull together. Some standard flat mask templates also included should you prefer, with further printable masks only a google away.

SKELETON HAND

HOW TO...

Draw around your hand on a piece of white paper, then cut it out but cutting further down the fingers. Pinch the fingers, as shown above, to make the joints.

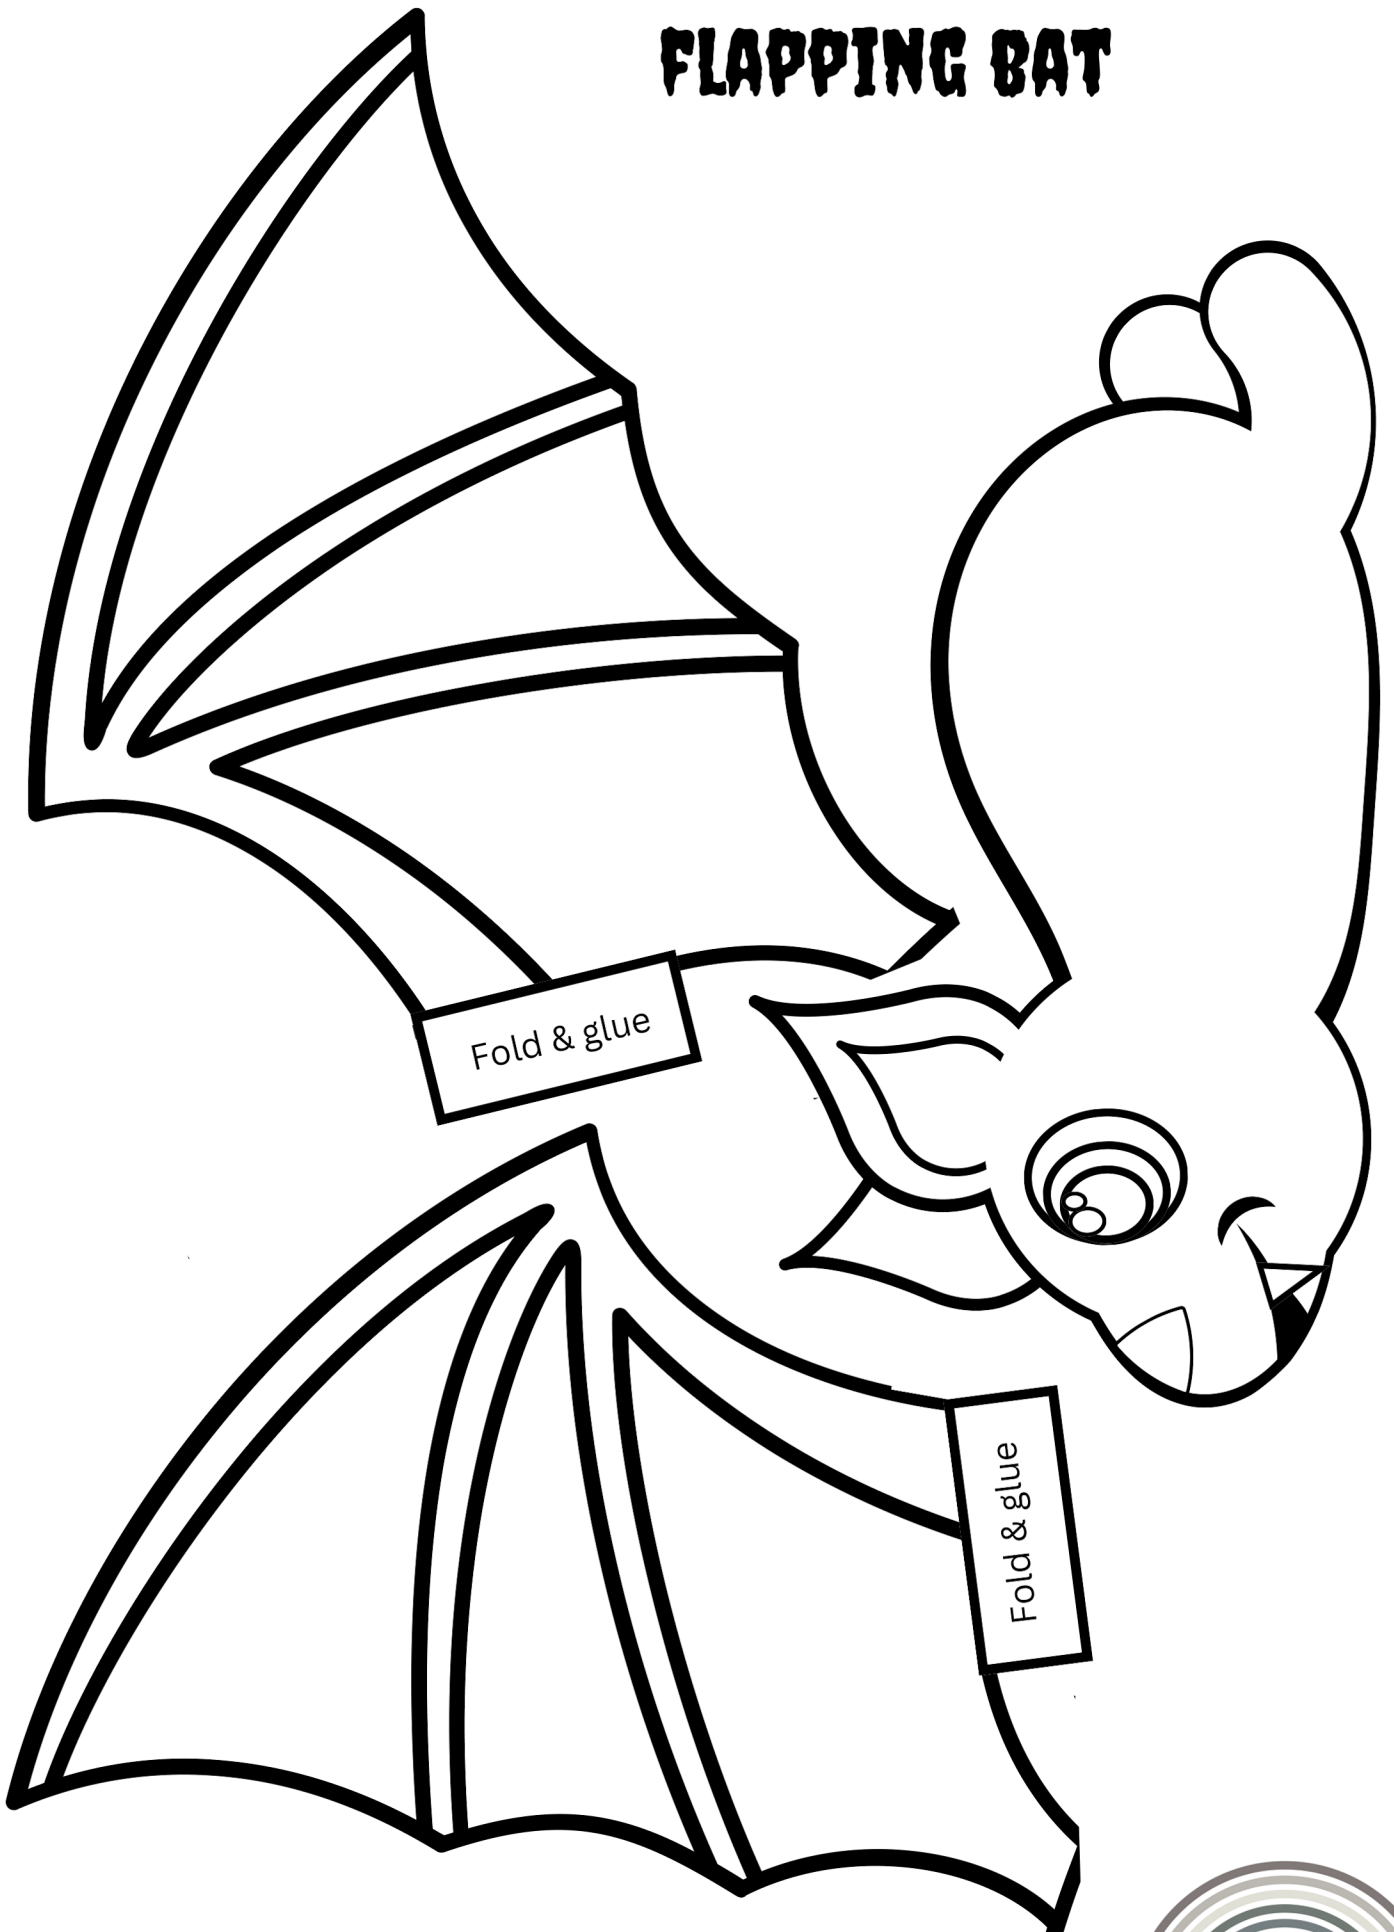

FINGER PUPPETS

HOW TO...

Using the template give your puppet a face and decorate as you wish. Cut around your design, asking your grownup to cut out the finger holes. Poke your fingers through and your puppet is ready to move!
