

New year NEW CHALLENGES!

SPRING TERM 1 2023

Happy New Year! We hope this will be both a fabulous year for you and for our school.

We ended last term with our Christmas Fair and visit from Santa. Santa read the children a story and left a book for each of the children (thank you parent elves for your kind donations!), the children thoroughly enjoyed this change to the normal routine which allowed for more quality time with the big man himself.

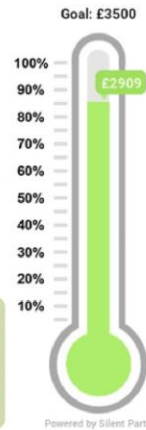

Thanks to your generosity the fair itself raised a fantastic total of £567.51p. Another of our projects, the calendars, were up for sale at the fair and profits from this totalled £108.60p.

This half-term we'll be introducing SCHOOL SPIRIT NIGHT where a mention of our school when placing a food order (at a specified establishment) will result in a donation at no extra cost to you! Also new is INDEPENDENCE DAY where the children will be able to show their individuality by choosing one of our rules to break! More details to follow.

Rounding off part one of the winter term it's Year One's turn to party at the VALENTINE'S DISCO.

FOMS

We have made AMAZING progress with our trim trail fundraising target, raising £2,409.30p in the autumn term alone! A loan from the school budget has enabled work to start on the trim trail and the children have excitedly been watching the new area take shape. We hope you continue to support our efforts in whatever way you can - time and ideas are just as valuable as donations!

Powered by Silent Partner

STOP PRESS!

We have just received a very generous donation of £500 to go towards the trim trail from Hayling Island Gorron Twinning Association. This takes the total upto £2909!!

Volunteers Please!

FOMS is a small group which has meant our lovely volunteers have been donating a lot more time than we would like to ask of them. On top of this we have recently struggled to find volunteers to help with discos and the Christmas Fair, without the numbers we simply cannot run the events. Unfortunately without more help we will have to scale back on our fun activities for the children. If you could help in any way please do get in touch - even a small amount of time does help greatly!

Can you help with our Year 1 Valentine's disco? If so, please do get in touch!
