

Mengham Infant School

Governing Body

Terms of Reference 2022/2023

Aims and Accountability.

The vision for Mengham Infant School is:

Mengham Infant School will be an outstanding learning environment, within which all children feel safe, inspired and valued; a place of excellence that gives our children the foundation they need to become creative, confident, life-long learners.

At Mengham Infant School, the over-riding purpose of the governing body is to support and challenge the school in providing the best possible education for its pupils. This is reflected in the law, which states that the purpose of maintained school governing bodies is to 'conduct the school with a view to promoting high standards of educational achievement at the school' ¹

The responsibilities of the entire Governing Body are determined by a range of statutory and best practice directives. We adopt the view that governing bodies should have a strong focus on three core strategic functions:

- a. **Ensuring clarity of vision, ethos and strategic direction;**
- b. **Holding the headteacher to account for the educational performance of the school and its pupils, and the performance management of staff;** and
- c. **Overseeing the financial performance of the school and making sure its money is well spent.**

These functions are reflected in regulations for maintained schools that came into force in September 2013² and in the criteria Ofsted inspectors use to judge the effectiveness of governance in maintained schools. *The School Inspection Handbook*³ states that inspectors should consider the effectiveness of governance including how well governors:

- carry out their statutory duties, such as safeguarding, and understand the boundaries of their role as governors
- ensure that they and the school promote tolerance of and respect for people of all faiths (or those of no faith), cultures and lifestyles; and support and help, through their words, actions and influence within the school and more widely in the community, to prepare children and young people positively for life in modern Britain
- ensure clarity of vision, ethos and strategic direction, including long-term planning (for example, succession)
- contribute to the school's self-evaluation and understand its strengths and weaknesses, including the quality of teaching, and reviewing the impact of their own work
- understand and take sufficient account of pupil data, particularly their understanding and use of the school data dashboard
- assure themselves of the rigour of the assessment process
- are aware of the impact of teaching on learning and progress in different subjects and year groups

³ School Inspection Handbook September 2014 No 120101 para 165

- use the pupil premium and other resources to overcome barriers to learning, including reading, writing and mathematics
- ensure solvency and probity and that the financial resources made available to the school are managed effectively
