SEESAW – AN ONLINE LEARNING JOURNAL

Seesaw is a secure online learning journal where students can document their learning in school. Staff will be able to add observations, photos and videos of your child's learning. Your child will also learn to add their own responses (including photos, videos, drawings and voice recordings) to their Seesaw journal. Seesaw is used from Year R – Year 2.

Your child will be able to sign into the Seesaw account at home, allowing them to upload their home learning and to enable you to see the learning that has been happening at school. You will also be able to comment on your child's work throughout the school year.

For more information about Seesaw please visit their website: http://seesaw.me

In order for your child to use Seesaw, the app needs your child's name in order to be able to associate work like their photos, videos or voice recordings with their account. Seesaw only uses this information to provide the service and doesn't advertise in Seesaw, create profiles of students, or share or sell your child's personal information or journal content. You can read more about their strong privacy promises here: https://web.seesaw.me/privacy.

As we will be taking photos of groups of children learning together, we need to make you aware that your child's photo may be included in another child's learning journal as part of the group or class photo. These journals are only shared with parents within our school community.

I give permission for images and videos of my child to appear in other children's learning journals, if they are part of the same group photo or video. ☐

I do not give permission for images and videos of my child to appear in other children's learning journals if they are part of the same group photo or video. ☐
